- Walk in thefts are covered – no need to prove forcible or violent entry into or exit from the premises.
- Specific items such as precious metals, works of art, money and personal effects of staff and visitors as well as restoring lost data.
- Recovery of lost data and files.
- Automatic Business Interruption cover of £500,000 and the associated additional expenses is included.

A proactive claims service

- 24 hour emergency call out helpline provided.
- When appropriate you have the freedom to choose your own contractors and suppliers. On most occasions you need only obtain one estimate for repair works, with settlement often made on this basis rather than waiting for invoices.
- Claims, that are more intricate and involve a visit from a claims surveyor, can be finalised and settled on the spot by cheque.
